

DIRECTIONS TO TUSCARORA COUNCIL CAMPSITE AT LAKE KERR

From Raleigh, take either US 1 North or I 85 North to NC 39 in Henderson. (US 1 is about 10 miles shorter but it seemed to take the same amount of time.)

Take NC 39 North. From I 85, you will go approx 14 miles north past Townsville.

Turn slight right at Rock Spring Church Rd (NC 1356). You can see the Church on the right hand side,

Take Rock Spring Church approx 1.8 miles to where the road splits. Acorn Pointe Storage is on the corner of the split. Bear Left at the split to Antioch Church Rd (NC 1357). (There is no road sign) When NC 1357 goes into Virginia, it becomes VA 718.

Take Antioch Church Rd approx .8 mile until it dead ends at the Stop Sign. Turn left onto Mill Creek Rd (VA 826.)

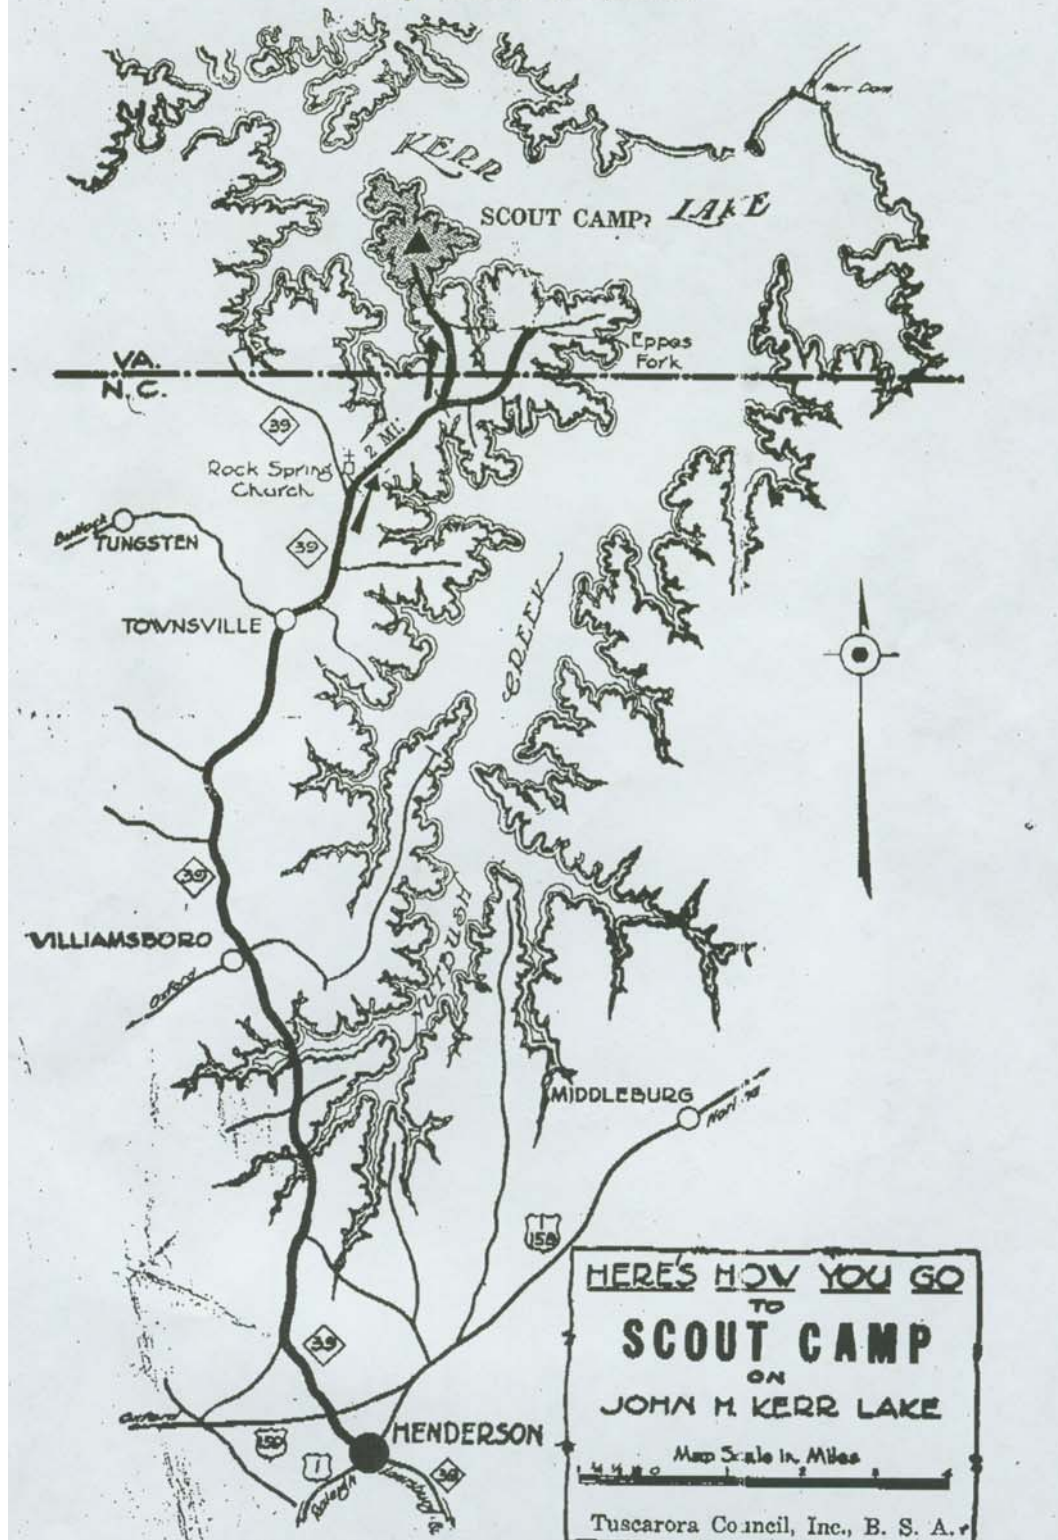

In approx 1.4 miles, 826 turns into a dirt road. After .2 miles on the dirt road, turn right at the entrance to the campsite. The only sign is a small sign on the left hand gate. If the gate is locked, wait until we arrive with the key.

After turning into the campsite, take the two-tire-track road approx 1.1 miles until it ends at the beach and campsite. This road is very bumpy and if we have had any rain, it will be quite muddy.

Driving time is approx 1 ½ hours.
